

**CITY OF CRAIG
SOLICITATION OF BIDS FOR FIRE ENGINE PUMPER
December 2009**

Notice is hereby given that the City of Craig, Alaska invites sealed bids for the purchase of a fire engine pumper.

Bids will be received at Craig City Hall, 500 Third Street in Craig, Alaska until 2:00 p.m. local time Wednesday, January 27, 2010.

Minimum specification requirements:

- Pierce DX 4 door pumper
- International frame
- Seating capacity for at least five, including driver and crew
- Automatic Allison 300 EVS transmission or equivalent
- 750 gallon or greater water tank
- Waterous 1,250 gpm pump
- LED emergency lighting
- Foam tank plumbed to at least two discharge ports
- Booster hose reel
- Telescoping scene lighting units (x2), greater than or equal to 1,500 watt
- Honda EM5000 generator, or equivalent, mounted on slide-out tray, with breaker box
- Kussmaul auto eject, or equivalent
- Overall vehicle length not to exceed thirty (30) feet
- Overall vehicle height not to exceed nine feet, eight inches (9'-8")
- FOB Seattle dock

Bidders shall submit a complete component list for proposed vehicle, on company letterhead and signed by authorized company official, that demonstrates the candidate fire engine pumper meets the minimum requirements above, and details all vehicle components. Bid submittal shall include the purchase price and terms, FOB Seattle, WA dock. Price must be valid for at least 30 days beyond the bid date. Bid award will be based on vehicle components, price, production year, and condition.

The City of Craig reserves the right to reject any and all bids, postpone the bid opening, cancel the bid opening, cancel the bid award prior to execution of an agreement to purchase, and waive any informalities or irregularity in the bidding.

For more information contact the City of Craig at 907-826-3275.
