Press Release: 010, One Confirmed Craig Case Has
Recovered

For Immediate Release

Craig City staff was notified by Alaska Public Health on Friday April 10th that the first case of COVID-19 was confirmed. On Monday, April 13th Public Health notified the city that a second case in Craig had been confirmed.

On April 16th, Public Health notified the Craig Emergency Operations Center staff that one of the Craig cases has been classified as “recovered” by State Public Health. According to Public Health, persons who were directed to care for themselves at home may discontinue home isolation under the following conditions:

- At least 3 days (72 hours) have passed *since recovery* defined as resolution of fever without the use of fever-reducing medications **and** improvement in respiratory symptoms (e.g., cough, shortness of breath); AND,
- At least seven days have passed since symptoms first appeared.

Public Health is continuing to monitor the other confirmed case and contacts from both cases identified through the case investigation process.

We are continuing to strongly advise residents to strictly follow all health mandates and advisories to reduce the risk of spreading the virus in Craig. These measures include:

- Do not socialize with persons outside of your household
- Maintain good social distancing at all times keeping at least six feet between persons
- Keep all trips for essential services to a minimum to avoid contact and wear a face mask/covering when you do need to make essential service trips
- Stay home as much as possible
- Wash your hands frequently and avoid touching your face as much as possible
- If you have symptoms or have a temperature of 100.4° F or higher contact your primary healthcare provider and self isolate immediately

The City of Craig will continue to monitor COVID-19 reports and information and provide links and up to date information about the City of Craig response at the city’s website. For information go to www.craigak.com or www.craigak.com/covid.
