**CITY COUNCIL COMMENTS**

Millie appreciates the Facilities Departments staff's work on the work around the totem pole and other areas around town where they do their work. Millie stated that she does have some concerns about the brush by the Harbormaster building and of how it is difficult to try and see around corner. Hans said he will have his staff look into it and take care of it. Brian said that Public Works and Facilities have been understaffed. Cody expressed concerns regarding more rigid laws for adults who contribute to minors and would like the city to look into making stricter penalties for these actions as a deterrent for adults to contribute to our youth. Chanel said she did not think it was fair for local retailers in terms of being held responsible for bad choices. RJ thinks City Council should draft a letter to the D.A. that covers our jurisdiction
