Analysis

Taylor Robison has applied to the City of Craig Planning Commission for a Conditional Use Permit to operate a Bed and Breakfast (B&B) in a High-Density Residential Zone, located at 702 Beach Rd (Lot 2B, Block 12, USS 1430). The applicant is looking to rent out up to two rooms in the owner-occupied structure.

There are four bedrooms in the home, requiring a minimum of three parking spaces (one parking space per one and a half bedroom). According to the application, there are five off-street parking spaces available. Although the map does not outline each parking spot, a walk-by of the site determined that the requirement for off-street parking space is met. There are at least four parking spaces that meet the 8’x 20’ requirement, more if the garages are usable.

A B&B was previously operated in this location by Bill and Cindy Bennett. Their original application was approved in 2008. On checking with the police station, no complaints with the previous operation were found.

Per 18.06.002 of the LDC, the following criteria shall be met before a conditional use permit may be issued:

1. That the proposal is consistent with the Craig Comprehensive Plan, the Craig Municipal Code, and other applicable ordinances.
2. That the proposed use is conditionally permitted in the zone.
3. That the proposed use is compatible with other existing or proposed uses in the area affected by the proposal.

4. That the proposed use would not create noise, odor, smoke, dust, or other objectionable pollutants creating impacts on surrounding areas.
5. That the proposed use would not affect the health and safety of persons or property.
6. That the location, size, design and operating characteristics will mitigate conflicting uses.
7. That unsightliness, building height, or structural incompatibility would not significantly affect surrounding areas or the designated viewshed.
8. That the proposal would not have a significant detrimental effect on property values in the area.
9. That all utilities required by the proposed use are adequate or will be made adequate by the applicant at no additional expense to the city and will not interfere with utility capacity to serve other areas of the city.
10. That access is adequate to serve the additional volume and type of traffic generated and would not threaten health and safety by significantly altering traffic volumes and patterns.
11. That adequate off-street parking is provided. (See Chapter 18.14, Parking.)
12. That the proposed use would not degrade land, air, water, or habitat quality.
13. That the proposed use will not interfere with the efficiency of, the planned expansion of, or access to water dependent or water related uses unless: 1) there is a documented public need for the proposed use, 2) no alternative site, and 3) the public good will be served better by the proposed use than by the water dependent or water related use.
14. That other relevant objections made evident at the public hearing are addressed.
15. That the proposed use and development do not disturb trees or shrubs which are designated for habitat or resource protection; wind, noise, sediment, or pollution buffers; recreation or open space; protection from natural hazards, watershed protection, or visual considerations unless a plan is approved which will mitigate potential adverse impacts.

Criteria 1-13 and 15 of this section appear to be met on the face of the application. The commission should discuss Criteria 14 at the public hearing on December 13, 2022.

Further conditions for a bed and breakfast are (Chapter 18.16):

1. An owner-occupied structure.
2. Three or fewer rental rooms.
3. Maximum length of stay of thirty (30) days.
4. The residential character of the neighborhood is retained.

These conditions appear to be met on the face of the application.

Recommendation

That the planning commission discuss the required criteria for approval at the December 13, 2022 meeting and consider adoption of Resolution 609-22-PC granting a CUP to Taylor and

The owner occupying the residence during conduct of the Bed and Breakfast must be a legally recorded owner of the property. The owner occupant must be an owner of record or purchaser of record according to the system of land title recording established pursuant to AS 44.37. The city shall retain the right to ensure that a legal owner is present for at least 75% of the days that guests are in residence;
3. that all parking for personal use and customer use will be off-street.;
4. that the bed and breakfast will be limited to three rooms.;
5. that all sales tax due on the operations covered by this permit must be paid within 30 days of the end of the quarter that the sales were made.
6. that this conditional use permit is voidable by the City of Craig, at its sole discretion, if the applicant is unable to meet the above conditions.;
7. the conditional use permit will be reviewed by the Planning Commission 12 months after approval to ensure compliance with these provisions.
