WHEREAS, the Planning Commission held a public hearing on June 22, 2023; and,

WHEREAS, public notice was given in accordance with Section 18.06.002 of the Craig Land Development Code; and,

WHEREAS, the Planning Commission finds that the specific criteria of Section 18.06.002 of the Craig Land Development Code are met as follows, subject to the conditions listed below:

1. That the proposal is consistent with the Craig Comprehensive Plan, the Craig Municipal Code, and other applicable ordinances.
2. That the proposed use is conditionally permitted in the zone.
3. That the proposed use is compatible with other existing or proposed uses in the area affected by the proposal.
4. That the proposed use would not create noise, odor, smoke, dust, or other objectionable pollutants creating impacts on surrounding areas.
5. That the proposed use would not affect the health and safety of persons or property.
6. That the location, size, design and operating characteristics will mitigate conflicting uses.
7. That unsightliness, building height, or structural incompatibility would not significantly affect surrounding areas or the designated viewshed.
8. That the proposal would not have a significant detrimental effect on property values in the area.
9. That all utilities required by the proposed use are adequate or will be made adequate by the applicant at no additional expense to the city and will not interfere with utility capacity to serve other areas of the city.
10. That access is adequate to serve the additional volume and type of traffic generated and would not threaten health and safety by significantly altering traffic volumes and patterns.
11. That adequate off-street parking is provided.
12. That the proposed use would not degrade land, air, water, or habitat quality.
13. That the proposed use will not interfere with the efficiency of, the planned expansion of, or access to water dependent or water related uses unless: 1) there is a documented public need for the proposed use, 2) no alternative site, and 3) the public good will be served better by the proposed use than by the water dependent or water related use.

14. That other relevant objections made evident at the public hearing are addressed.
15. That the proposed use and development do not disturb trees or shrubs which are designated for habitat or resource protection; wind, noise, sediment, or pollution buffers; recreation or open space; protection from natural hazards, watershed protection, or visual considerations unless a plan is approved which will mitigate potential adverse impacts.

NOW, THEREFORE, BE IT RESOLVED that the Planning Commission grants Patrick and Judith Murphy a Conditional Use Permit to build an accessory building on a lot which does not have an established use on Lot 5A, Tract 6, ANCSA14c3, subject to the following conditions:
