TO: City of Craig

My name is Karen Barnes. I live at 111 Tanner Crab Court, Craig. I received a letter concerning the matter of the New Hope Baptist Church applying for a permit to build a new building for religious assembly - 150 seats and gym.

This will effect our quiet neighborhood. The kids are always playing outside.

Kids are always playing outside -

and the playground is across from the church. My house is very close to the church. If the church builds

the new building - there will be way too much traffic especially when they say seating for 150 people. I want to

voice my opinion in this letter since I'm out of town due to a medical appointment

I want to strongly appose this permit being granted. It would effect our neighborhood too much.

Thank  
Karen + James Barnes 907-407-0990
